## TOWNSHIP LAND USE BOARD (LUB) APPROVES JCC SITE AND BUILDING PLANS

The Rebuild Committee, working with C. W. Brearley, A.I.A., Civil Engineer firm of Horn, Tyson, and Stuart Snyder, Esq. filed on or about March 23<sup>rd</sup> the JCC application for Long Beach Township, Land Use Board (LUB) approval. The JCC application was on the LUB's agenda for Wednesday, April 14th. The JCC was represented by Stuart Snyder, Esq., architect C.W. Brearley, A.I.A., and civil engineer Jim Brauzowskie of Horn, Tyson.

Our application included two minor variances: (1) A reduced front yard spacing off of 24th street, and (2) Forty-nine [49] instead of 60 parking spaces on the property. The Land Use Board UNANIMOUSLY approved the application and commented that the JCC Rebuild Project shall enhance the character and functionality of the neighborhood and bring the building itself up to Township code.

The LUB approval was made subject to two conditions: 1. that the **JCC file an outside lighting plan and obtain the Township Engineer's approval**, and 2. the East and North boundaries fences be six feet and solid to block automobile headlights at night so as not to disturb adjacent homeowners.

This LUB approval is important because now, we can then start the next phase of the project, I.E the construction drawings development phase. For this, the Rebuild Committee again works with the architect and his structural and mechanical engineering consultants to prepare full construction drawings, which drawings shall be used as part of our request for bids from contractors/builders. The first such meeting with the architect is set for April 15<sup>th</sup>.

The LUB approved architectural building plans are now mounted and displayed at the JCC. Members can see the current first floor layout and front and side elevations of the revised building design, which design the Board has already approved.

Ed Dreyfus, Chair, JCC Rebuild Committee encourages those members who have not yet joined in financially supporting the rebuild project to do so. We need your help in getting this construction project started.

## WORDS FROM THE RABBI

According to our tradition, Jewish belief celebrates Shavuot as the moment when the Jewish people stood in the presence of God at the foot of Mount Sinai and received the Commandments that eventually became the Torah. On May 19 we will celebrate the Festival of Shavuot. As with all other Jewish holidays, many customs and traditions surround its observance.

In Biblical times, Shavuot was celebrated as an agricultural holiday marking the beginning of the harvest season. In the Talmudic period following the destruction of the Holy Temple in Jerusalem, the sages of the Sanhedrin in 140 CE, introduced a new historical theme for Shavuot: the anniversary of the giving of the Torah on **Mount Sinai. This theme has been the festival's significance ever since.**

One of the traditions observed by many observant Jews is that they stay awake all night on the eve of Shavuot and study the Torah. The reason for this tradition according to sages is that the Israelites slept late on the morning they were to receive the Torah and Moses had to awaken them. In remorse for this offense, the observant Jews stay up all night studying the texts of Judaism.

Another tradition that dates back to when the Commandments were revealed at Sinai is the eating of dairy foods on Shavuot. The rabbis explained that when the Israelites received the laws, which included the dietary laws, they realized that their cooking utensils were not kosher, and so they ate uncooked dairy meals.

Another custom on Shavuot is to eat triangular dumplings (krepalach) filled with cheese. The rabbis explained that the triangular shape reflects the three parts of the Hebrew Bible - Torah, Prophets and sacred Writings.

Another of the images of Shavuot is that of a marriage between God, the bridegroom and the bride, the Jewish people. Thus the rabbis saw that Pesach marked the courtship period, and that Shavuot was the time of the marriage ceremony under the Chupah of Mount Sinai, and Sukkot was the setting up of the household.

On Shavuot it is also customary to read from the Book Of Ruth. One reason is that the story of Ruth took place during the harvest season. The fact that Ruth gleaned sheaves of wheat in the field of Boaz makes it an appropriate reading for Shavuot. Another reason is that Ruth who was not of the Jewish people converted to Judaism and is similar to the Jewish people voluntarily accepting the teaching of the Torah and a belief in God.

Chag Samayach, Rabbi Jack

## PRESIDENT'S MESSAGE

After a long hard Northeast winter, welcome to spring. Most of my recent articles have been pleas—pleas for volunteers, pleas for money for the Rebuild Project, for the **Holiday appeal, or dues. These are still active and very important, and please don't forget them.** But rather than asking for something, let me use this article for Thank-Yous. First, let me give a huge thank you to the many JCCers who worked so hard, sometimes against great odds, to keep our congregation going and active over the winter months. This was more challenging this year due not only to the harsh winter, and my normal absence, but also to the fact that Rabbi Jack was on medical leave for a good portion of the time. In spite of this, Religious School, Services, Social Activities, Administrative Activities, and Special Programs or Events successfully continued.

This was accomplished due to the efforts of a lot of dedicated members. Among these are Judy Smith who took the lead in keeping things going, Michelle Goldman and Lynn Berkowitz and the teachers and parents who helped with various Religious School activities, Tiger Wolpert and Cliff Farin and Ben Gubar who took charge of services, Vivian Fitts and those who worked with her on the many Sisterhood and Kitchen activities, Rose Valentine who no matter what she is doing or where she is manages to keep us informed with her excellent weekly Shabbat Reminders, Karen Schwing for hours of work in preparing and publishing our Bulletins and for running our Bunko Nite activity, and Mickey Sherry who repaired the floors in our trailer so it can continue to be safely used for Sunday School Classes.

**Our 'quiet' season was still filled with many activities, and a thank you goes to all the other members who worked on these.** The quiet season included such regular items as Religious School and its many activities, Friday eve and Holiday Services, Mah jong, Breakfast Club, Shabbat Reminders, and Bulletins. It also included such special events as Lights of Life at SOCH, **Chanukah Dinner and Party, Food Baskets, Christmas Day Volunteering at SOCH, New Year's Eve Coffee Shop, Bunko Nite, Community Sedar, and the various Coat, Clothing and Supplies drives.** For all these activities, THANK YOU to all who chaired, worked on, or attended them. If I missed any, please accept my apology. And thanks also to our Office Manager Bonnie Clark and Computer Technician Marcie Deutsch for their dedicated work throughout the year.

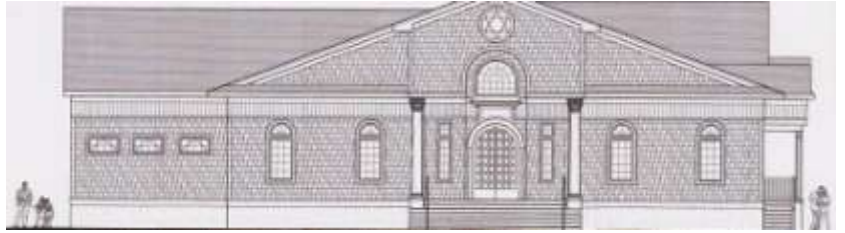

My final Thank You, and a really big one, goes to Ed Dreyfus for all his work over the winter in guiding and steering our Rebuild Project to its current status. He has spent countless hours and made several trips back to LBI to accomplish this. As you know, due to the difficulty in raising funds, the project had to be downsized. In working with the Architect, Ed was able to do this modified building design while maintaining its functionality and providing the space that our congregation requires for its religious, educational, and social activities. This modified JCC Site Plan application was filed by our attorney Stu Snyder with the Long Beach Twp. Land Use Board, and is now waiting for its approval. Thanks again to Ed and Stu for their work on this phase of our Rebuild project.

Other musings— We are saving a considerable amount of money and effort by only mailing our Bulletin to those who specifically asked. I hope most everyone is reading this on-line. If you are still receiving a hard copy of the Bulletin and can access it on-line, please call the office and add your efforts to those of most our members in this cost-savings and labor savings endeavor. It will always be there for you on our web site and you will have it available much sooner than if mailed. -- Check out our web site @ [www.jccoflbi.org](http://www.jccoflbi.org) Most of the information has recently been updated including the latest drawings, description and floor plan of our Rebuild Project. -- And finally, please call Rose Valentine to make your generous Rebuild **pledge. We still hope to begin construction this fall, but can't unless considerably more monies are pledged and raised within the next few months.** Shalom, Don Pripstein

Thank you to  
the many

## WELCOME NEW MEMBERS

Welcome  
to the  
JCC of  
LBI

Rosemary Ruoff has recently joined our congregation and is most welcome. She and her dog Buddy are fixtures at the JCC and have attended almost every religious, social and educational function we have had over the past several years. She is usually the first to volunteer to help in setting up, cleaning up, working in the kitchen or elsewhere, **mailings, or anything else that needs to be done.** Rosemary's permanent home is in Alaska but she came here to help care for her parents and is now doing so for her father.

Susan and Gerard Sheehan, former members, have rejoined the JCC of LBI. Susan works as a nurse and Gerard is presently in Iraq as a member of the Air Force National Guard. We join in wishing that he will soon safely return from this tour of duty.

### Rebuild Capital Campaign

- No new pledges or gifts were made since the last board meeting, although payment of previous pledges in the amount of \$10,333 has been received.
- **In R. Valentine's report, she recommended that we adjust our Capital Campaign goal to \$1.5 million.** Following discussion of the JCC Rebuild Committee topics, the board voted to adjust our Capital Campaign goal to \$1.5 million.

**In R. Valentine's report, she asked each board member to make 3-4 calls** to or set up meetings with members who have not yet made a pledge or contribution. A list will be developed which identifies whom each board member will contact and a bullet-point script will be provided by R. Valentine.

### JCC Rebuild Committee

- The Committee members approved a new design that provides the functionality required while holding our estimated building costs within the target set by the board (about \$1.2 - \$1.4 million without soft costs included). The estimated costs are based on starting construction in 2010.
- E. Dreyfus reported that cost for provisions for a 2<sup>nd</sup> floor would be an additional \$225 - \$300K. The new design allows for potential additions to the building on the 1<sup>st</sup> floor.
- E. Dreyfus reported that about \$1 million in the bank and solid pledges are needed to start construction.
- A resolution to approve the new JCC Building Design and to authorize the President to sign off on behalf of the JCC a suitable approval document, to the architect, was approved unanimously by the Board.
- **E. Dreyfus and his Committee were congratulated for a job well done in getting us the most "bang for the buck".**

D. Pripstein noted the importance of communicating information about the new plans to the membership. The new information will be communicated in the bulletin and on our webpage.

### Other Topics

It was decided that as a cost savings act, we will get 85 printed copies of the next bulletin - 34 to be mailed and 51 to have on hand and available for mailing, if requested.
- Marcie Deutsch provided T. Schwait with sample nametags with logos for use at services.
- B. Karp reported that the Personnel Committee held the annual review with the office staff on January 29, 2010. The goals for 2009 were reviewed and goal for 2010 were set. ## RELIGIOUS SCHOOL MUSINGS by Michelle Goldman

Spring  
As I sit here  
world outside  
chirping. The  
perched in  
outside my  
sun is shining,  
a lush shade

has sprung!  
typing the  
buzzing and  
birds are

the grass is  
green and

of  
the flowers are blooming. My family is excited to get outside and enjoy the warm weather. My boys enjoy soccer, fishing and boating. I can't wait to get my hands dirty in the garden and plant some veggies!

It is hard to believe that the school year is almost over. Rosh Hashanah and Yom Kippur have come and gone. The pizza party in the Sukkah and the Chocolate Fountain Festivities of Simchat Torah seem like distant memories. Our Menorah has taken it's place in our curio cabinet - anxiously awaiting the festivities of the year to come. Purim's Megillah Reading, Sleepover, and Carnival seems like ages ago. Even Passover, which was only two weeks ago seems to be in the back of my mind.

The kids have had such a great time learning and celebrating these holidays. We enjoyed a wonderful year together! In my classroom we learned about Life Cycle: Bris, Baby Naming, Consecration and Confirmation and the festivities surrounding the Jewish Wedding. In Renee Dean's class the children have enjoyed learning Hebrew. She has provided them with skits to act out Bible Stories. Who knew we had such a theatrical group! Alex has started the little ones on their journey to learn the Hebrew Alphabet and Holidays. Nitza has done a phenomenal job preparing our (unusually large) group of kids for Bar/Bat Mitzvah. And of course, Jessica Schwing has volunteered so much that I can't imagine how we would have gotten through the year without her. A big thank you to all of the teachers for doing such a wonderful job.

We will soon begin enrollment for next year. I hope to see all of you back here next year. And of course any new members are always welcome!

My hope is that you all have an enjoyable summer. However, I recently read a quote that I think is appropriate "When you stop learning, stop listening, stop looking and asking questions, always new questions, then it is time to die." As an educator I feel that this applies to the Summer. I encourage the students to continue to learn, listen and ask questions about Judaism throughout their Summer Recess. Being Jewish is not simply something you do from September through June. For my Bar/Bat Mitzvah students I encourage you to continue to practice your Haftorah and to continue attending Services to demonstrate your progress to Rabbi Jack. For my younger students I hope that you will practice your Alphabet and Reading Skills. All students are encouraged to check a few books about being Jewish out of the Local Library. You will find that the Summer will

# RELIGIOUS SCHOOL MUSINGS, continued

not result in "being bored" and you will become more knowledgeable. A win-win situation in my book!

Have a great Summer - I can't wait to see you in the Fall and hear about everything that you have learned during the break!!

## Joan Silver Retires from JCC Board of Trustees

After about 20 years as a member of the JCC Board of Trustees, Joan Silver finds it necessary to resign her position because of some family obligations that will necessitate her spending less time on LBI. Joan was the longest serving member on our Board, and her comments and discussion on many items that come before the Board for discussion and vote will be sorely missed. In addition to other activities, she served as Chairperson of our successful Bazaars for many years and was instrumental in making them the substantial fundraisers they now are. Joan has assured me that she and Abner will continue to support the JCC, be active members, and be available to help whenever possible. I know that the members of the Board of Trustees as well as the members of our congregation join me in thanking Joan for her many years of active service and contributions to the JCC.

Don Pripstein, President
