HELPING THE JEWISH COMMUNITY IN COLORADO

The Allied Jewish Federation of Colorado has reported that due to the massive flooding in the area, there is water inside several synagogues in Boulder, including the Chabad at Colorado U. In fact, their shul is underwater. Many folks have been evacuated and many homes are flooded in addition to the Jewish communal buildings.

We here on LBI and the Mainland have experienced the devastation of flooding with Super Storm Sandy and can certainly understand what the citizens of Boulder and the surrounding area are going through. If you would like to make a contribution to the relief effort in Colorado, send your check to:
